Property ID: 6

Construction:

Total number of insured buildings:	1	Total square footage of insured buildings:	9688
Year built:	1989	Number of stories:	1
Construction of roof:	Steel Deck	Construction of floors:	Reinforced Concrete
Construction of exterior walls:	Masonry	Construction of interior walls:	Masonry w/ Fire Doors
Do major interior masonry walls (fire walls) extend above the roofline?		N	

Occupancy:

Occupancy Type: Garage, Parts Storage

Provide a brief description of operations: shop maintenance

Storage height of warehoused products: 8 feet

Are flammable and combustible liquids stored in a cut-off room? Y

Safegaurds taken for the storage and dispensing of flammable liquids: Y

Protection:

Are there any automatic sprinklers?	N	What are the design densities for each area?	no sprinklers
The water supply for automatic sprinklers is?		How many hydrants are located within 500 feet of buildings?	0
Indicate the Alarm Coverages provided for your facility:		Smoke Detectors	
Are alarms connected to a constantly attended location?		Y	
Is there a watchman service?	N	What is the frequency of rounds?	
Are watchman recording rounds?		N	
Are there any fire extinguishers?	Y	Are they serviced annually?	Y
Are there any hose stations?	N	Is there a fire private fire brigade?	N
Frequency of training received by the private fire brigade:			
Type of public fire department:	Paid	Distance:	3 miles

Exposure:

How many buildings(not part of Account) are within 100 feet of insured buildings? 0

Describe the Occupancy of those buildings(s) nearby (within 100 feet):

Is there a body of water nearby? N

Description:

How far is the body of water from major buildings?

Previous history of flooding? N

Description:

Any property damage losses in the past 3 years: N

Property Detail Form

Agency: UNIVERSITY SYSTEM / UNIVERSITY SYSTEM, MONTANA STATE UNIVERSITY - BOZEMAN

Property: LEWIS HALL

Property Address: West Garfield Street (no official address) BOZEMAN

Property ID: 103

Construction:

Total number of insured buildings:	1	Total square footage of insured buildings:	46233
Year built:	1923	Number of stories:	4
Construction of roof:	Wood Joists	Construction of floors:	Poured Concrete
Construction of exterior walls:	Masonry	Construction of interior walls:	Gypsum Board
Do major interior masonry walls (fire walls) extend above the roofline?	N		

Occupancy:

Occupancy Type: Laboratory

Provide a brief description of operations: OFFICES/CLASSROOMS

Storage height of warehoused products: N/A

Are flammable and combustible liquids stored in a cut-off room? N/A

Safegaurds taken for the storage and dispensing of flammable liquids: Y

Protection:

Are there any automatic sprinklers?	N	What are the design densities for each area?	0.20/1500 803 gpm, 50.5 psi, 165 temp
The water supply for automatic sprinklers is?	Public	How many hydrants are located within 500 feet of buildings?	5
Indicate the Alarm Coverages provided for your facility:		Burglar Alarms (Door Contacts), Smoke Detectors, Sprinkler Valve Tamper, Sprinkler Waterflow	
Are alarms connected to a constantly attended location?	Y		
Is there a watchman service?	Y	What is the frequency of rounds?	AVERAGE 4 PER NIGHT
Are watchman recording rounds?		N	
Are there any fire extinguishers?	Y	Are they serviced annually?	Y
Are there any hose stations?	N	Is there a fire private fire brigade?	N
Frequency of training received by the private fire brigade:			
Type of public fire department:	Paid	Distance:	.75 MILES

Exposure:

How many buildings(not part of Account) are within 100 feet of insured buildings? 0

Describe the Occupancy of those buildings(s) nearby (within 100 feet):

Property Detail Form

Agency: UNIVERSITY SYSTEM / UNIVERSITY SYSTEM, MONTANA STATE UNIVERSITY - BOZEMAN
Property: PLANT BIOSCIENCE BUILDING
Property Address: South 11th Avenue (no official address) BOZEMAN
Property ID: 400

Construction:

Total number of insured buildings:	1	Total square footage of insured buildings:	50929
Year built:	1999	Number of stories:	4
Construction of roof:	Other	Construction of floors:	Reinforced Concrete
Construction of exterior walls:	Masonry	Construction of interior walls:	Gypsum Board
Do major interior masonry walls (fire walls) extend above the roofline?	N		

Occupancy:

Occupancy Type: Laboratory
Provide a brief description of operations: RESEARCH OFFICES/LABS
Storage height of warehoused products: N/A
Are flammable and combustible liquids stored in a cut-off room? N/A
Safegaurds taken for the storage and dispensing of flammable liquids: Y

Protection:

Are there any automatic sprinklers?	Y	What are the design densities for each area?	PER NFPA 13
The water supply for automatic sprinklers is?	Public	How many hydrants are located within 500 feet of buildings?	8
Indicate the Alarm Coverages provided for your facility:	Smoke Detectors, Sprinkler Valve Tamper, Sprinkler Waterflow		
Are alarms connected to a constantly attended location?	Y		
Is there a watchman service?	Y	What is the frequency of rounds?	AVERAGE 4 PER NIGHT
Are watchman recording rounds?	N		
Are there any fire extinguishers?	Y	Are they serviced annually?	Y
Are there any hose stations?	N	Is there a fire private fire brigade?	N
Frequency of training received by the private fire brigade:			
Type of public fire department:	Paid	Distance:	.88 MILES

Exposure:

Any property damage losses in the past 3 years:	N	Description:

Property Detail Form

Agency: UNIVERSITY SYSTEM / UNIVERSITY SYSTEM, MONTANA STATE UNIVERSITY - BOZEMAN

Property: TAYLOR HALL

Property Address: South 11th Avenue (no official address) BOZEMAN

Property ID: 108

Construction:

Total number of insured buildings:	1	Total square footage of insured buildings:	9936
Year built:	1896	Number of stories:	3
Construction of roof:	Wood Joists	Construction of floors:	Poured Concrete
Construction of exterior walls:	Tilt-Up Concrete	Construction of interior walls:	Gypsum Board
Do major interior masonry walls (fire walls) extend above the roofline?	N		

Occupancy:

Occupancy Type:	Office
Provide a brief description of operations:	Offices
Storage height of warehoused products:	N/A
Are flammable and combustible liquids stored in a cut-off room?	N/A
Safegaurds taken for the storage and dispensing of flammable liquids:	N/A

Protection:

Are there any automatic sprinklers?	Y	What are the design densities for each area?	140' sq/sprinkler
The water supply for automatic sprinklers is?	Public	How many hydrants are located within 500 feet of buildings?	2
Indicate the Alarm Coverages provided for your facility:		Sprinkler Waterflow, Sprinkler Valve Tamper, Smoke Detectors	
Are alarms connected to a constantly attended location?		Y	
Is there a watchman service?	N	What is the frequency of rounds?	
Are watchman recording rounds?		N	
Are there any fire extinguishers?	Y	Are they serviced annually?	Y
Are there any hose stations?	N	Is there a fire private fire brigade?	N
Frequency of training received by the private fire brigade:			
Type of public fire department:	Paid	Distance:	1/25 miles

Exposure:

How many buildings(not part of Account) are within 100 feet of insured buildings?	0
Describe the Occupancy of those buildings(s) nearby (within 100 feet):	
Is there a body of water nearby?	N

Do major interior masonry walls (fire walls) extend above the roofline?		N	

Occupancy:

Occupancy Type: State University

Provide a brief description of operations: Student hall

Storage height of warehoused products: 0

Are flammable and combustible liquids stored in a cut-off room? N

Safegaurds taken for the storage and dispensing of flammable liquids: N/A

Protection:

Are there any automatic sprinklers?	Y	What are the design densities for each area?	0.1
The water supply for automatic sprinklers is?	Public	How many hydrants are located within 500 feet of buildings?	2
Indicate the Alarm Coverages provided for your facility:		Burglar Alarms (Door Contacts), Smoke Detectors, Sprinkler Waterflow	
Are alarms connected to a constantly attended location?		Y	
Is there a watchman service?	Y	What is the frequency of rounds?	Campus police 24/7
Are watchman recording rounds?		Y	
Are there any fire extinguishers?	Y	Are they serviced annually?	Y
Are there any hose stations?	N	Is there a fire private fire brigade?	N
Frequency of training received by the private fire brigade:			
Type of public fire department:	Paid	Distance:	under 1 mile

Exposure:

How many buildings(not part of Account) are within 100 feet of insured buildings? 0

Describe the Occupancy of those buildings(s) nearby (within 100 feet):

Is there a body of water nearby? N

How far is the body of water from major buildings?

Previous history of flooding? N

Any property damage losses in the past 3 years: N
